

# Call for Nominations

## PEO's 2007 Order of Honour

The Order of Honour is an honorary society of Professional Engineers Ontario. Its purpose is to recognize and honour those professional engineers and others who have rendered conspicuous service to the engineering profession in Ontario.

Inclusion in the Order may be awarded by PEO Council to members of the association who have served the profession diligently for many years and/or have made a substantial contribution to the operation of the profession or improvement in its status. Such service will primarily be given through participation in association affairs. Service performed in other engineering organizations or agencies may be considered, but only as complementary to PEO service. Inclusion may be awarded in one of the following classifications: Companion, Officer, Member or Honorary Member (for individuals who are not PEO members).

The Awards Committee invites members to submit nominations by the deadline, October 13, 2006. For nomination forms and guidelines, contact Rose Pirone, CHRP, Director, Human Resources, at 416-840-1106 (direct line) or 800-339-3716, ext. 1106, or visit PEO's website at [www.peo.on.ca](http://www.peo.on.ca).

New members of the Order will be invested at a special ceremony at PEO's Annual General Meeting in Toronto next April.

Nominators should supply complete details on their nominee. Individual statements from each nominator, with the reasons the candidate should be considered for this award, must accompany the nomination.

The Awards Committee is proud to present PEO's Service Award Honours List. (Only living members are listed. A complete list is online at [www.peo.on.ca/events/awards/OHService/order\\_past.htm](http://www.peo.on.ca/events/awards/OHService/order_past.htm))
