

It has been privilege to serve the **Ontario Engineering Profession** as your current **PEO Eastern Region Councillor** (2 terms: 2016 to 2020), serving on **Regional Councillors (RCC)**, **Licensing (2019)**, **Audit (2018 to 2019)**, **Joint PEO & OSPE Relations (2016 to 2017)** Committees, the **Ottawa Chapter Chair (2015)**, the **Algonquin Chapter Vice-Chair (2005)** and currently **Vice-Chair of Volunteers & Chapters Leaders Conferences (VLC & CLC)**.

On Monday Jan 6th, it was a pleasure to participate in the **PEO 2020 Council Elections All-Candidates Webcast** and had opportunity to speak directly to Members (P.Eng Licensuce Holders, EITs, Students) & the Public in the PEO Eastern Region about Key issues and my **Re-Election Campaign** platform:

- **PEO Transformation:** With the recent **Performance Review**, the **15 Recommendations**, and **Action Plan**, there has been substantial uncertainty about the future of PEO. Licence Holder engagement is critical to Self Regulation ([www.TinyURL.com/ReporteSurvey](http://www.TinyURL.com/ReporteSurvey)), and remains problematic.
- **Chapter Reform:** As per the **PEO 2018-2020 Strategic Plan**, Chapters are to act as “**branch offices**” for delivery of **Regulatory Outreach programs**. In response to Performance Review, I submitted a **Briefing Note** to Council to start the transformation conversation on how to evolve using technology, the establishment of Regional Clusters, greater discipline collaboration for greater outreach & CPD/PEAK advancements..
- **Innovation Entrepreneurial Program:** Launched 2015 in Ottawa, offering meaningful pathways to gain the required experience for **PEO Licensure** through engineering design involving emerging technologies & engineering disciplines. This fosters developing of Professional Standards & Guidelines for regulation & engineering practice.
- **Advance the Engineering Profession:** Streamline the **PEO Application** process; eliminating Barriers for Licensure, & making it **online!**

**Mark your Calender, [www.PEOvote.ca](http://www.PEOvote.ca) before 4pm on Friday 21 Feb 2020!**

*Regards, Guy...*
