

In June 2016 I was promoted and honoured to be appointed as an LGA councillor to Professional Engineers of Ontario. This appointment has been very valuable in providing an opportunity to be directly involved as follows:

P.E.O. Councillor 2016-2019

Council Composition Task Force 2016-2017

Discipline a Committee 2016- 2020

Government Liaison Committee 2017-2019

Human Resource Committee 2017-2018

Finance Committee 2018-2019

Investment Finance sub Committee 2018-2019 chair

Public Information Task Force 2017-2019

Engineers Canada verification audits RMC Kingston 2018 and Lakehead University

Thunder Bay 2019

Additionally I participate with the Upper Canada Chapter.. 7 years as Chapter Chair.

Our council has accepted 15 recommendations for change complete with a three year plan to move forward. All the recommendations require discussions and decisions. Key issues include licensing, enforcement and need to digitize our process.

Additionally the 20 year old OSPE relationship with PEO is being discussed. I am an OSPE member as well as a member of the advocacy engineering bargaining unit of PIPSC. I have experience and knowledge of advocacy for professional engineers. I have successfully used the excellent salary survey data that OSPE creates annually to secure improvements for engineers. The OSPE relationship with PEO should be a priority.

My work has enriched my life, created contacts and friendships that will carry forward forever. I thank you for your support and ask that you extend your vote to support my offer to continue to represent you.

Tim Kirkby for PEO Vice President.
