

# 2019 PEO volunteers

In 2019, more than 1000 professional engineers, engineering interns and others volunteered their time to work on behalf of PEO. This includes those who served on Council, committees and their subcommittees, task forces, the Government Liaison Program, and PEO chapter leaders and volunteers, as well as those who represented PEO on external boards and advisory groups, and volunteered for chapter-sponsored programs.

PEO gratefully recognizes and thanks all those who have served the profession in a wide variety of activities and events throughout the year.
