## NOTICE OF CANCELLATION—TORONTO TECHNICAL EXAMS

Due to Toronto's current lockdown status during the COVID-19 pandemic, and pursuant to provincial legislation, the Supervisor, Communicable Disease Liaison Unit at Toronto Public Health determined this afternoon that PEO cannot offer the technical examinations in Toronto as planned, despite the extraordinary health and safety measures we had devised.

As a result, we regret to inform you that **all Toronto technical examinations in November and December are cancelled.**

Your December 2020 registration will be transferred (credited) to the May 2021 sitting and your application file will be extended accordingly, if required, to continue with your exam program. Toronto candidates cannot transfer their exams to other sites across Ontario because of limited space and availability of exams.

We sincerely regret any inconvenience this may cause.

While the decision from Toronto Public Health was unexpected, we support all efforts to avoid putting the public at risk during these unprecedented times.

We will be in touch with all applicants via email as soon as alternative arrangements have been made.

In the meantime, if you have any questions please contact our Exam Centre at [exams@peo.on.ca](mailto:exams@peo.on.ca).

Thank you for your understanding and cooperation.
