Darla Campbell, P.Eng. for PEO President-Elect 2021

I ask for your support to bring my energy, collaborative leadership, and commitment to build the value of professional engineers in Ontario.

► **Invigorating the function of Council** “Council needs a strong leader who knows how to navigate governance and get things done. With experience serving on many boards in the role of Chair, I bring essential skills for leading PEO Council, engaging with members, and representing PEO to the public.”

► **Building a brighter future of Chapters** “Chapters are the roots of PEO. Together we will chart a path that embraces engineering leadership at the local level and serves the objectives of PEO while protecting the public interest and building community.”

► **Enhancing the value of P.Eng.** “By building the value of professional engineers, we build trust, the foundation for a sustainable future. My commitment is to enhance the value of your license from EIT through all stages of your professional career.”

LEADERSHIP: Accomplished professional engineer with experience in both public and private sectors. As PEO Vice President (2020 to 2021), serve on the Executive Committee and the Joint Relations Committee and previously as Chair, Government Liaison Committee (GLC) (2014 to 2017).

AFFILIATIONS: Director, Canadian Network of Asset Managers (CNAM), Director, Rethink Sustainability Initiatives (RSI), Member, Ontario Society of Professional Engineers (OSPE) and Advisor, Ryerson Urban Water.
