Candidate statement:

VOTE NICK COLUCCI FOR PRESIDENT-ELECT

When elected President-Elect I promise to uphold the core values of PEO, Accountability, Respect, Integrity, Professionalism and Teamwork!

I have proven my understanding and application of these core values through my previous experience on PEO Council, PEO Committees and PEO Chapters.

- Ensure PEO is agile and future ready!
- Promote a "member-directed" association
- Create a multi-level licensing model to capture all those practicing engineering
- Reduce the size of Council to make it more efficient
- Re-design PEAK to create a world class mandatory professional development program
- Rekindle the relationship with OSPE in a co-operative manner
- Eliminate barriers to licensing
- Reduce the experience requirement to 2 years
- Demand financial transparency for PEO ... Balance the budget!
- Stop non-regulatory activities and spending
- Abandon Council's preoccupation on governance and concentrate on REGULATION!
- Uphold the importance of volunteers as a foundation to self-regulation

What does PEO need now?

We need bold leadership that will ensure PEO is agile and FUTURE-READY by concentrating on our core values and mandates.

For more detailed information on how we can make PEO the world class regulator please visit my election blog or follow my social media.
