# 2020 YEAR IN REVIEW

## PEO GOVERNMENT LIAISON PROGRAM WEEKLY

Volume 15,  
Issue 1

## HAPPY NEW YEAR!

Over the last 15 years, the PEO Government Liaison Program Weekly has been featuring PEO's work with MPPs in the public interest. In the next 14 pages, we share highlights from each of the 43 issues of 2020.

Although this year looked a bit different, there are many accomplishments to celebrate. From a very successful virtual Government Relations Conference, to attending and hosting dozens of events with MPPs, PEO and its Council as well as staff and Chapters have had a good year, given the pandemic.

Through the *Professional Engineers Act*, PEO governs over 90,000 licence and certificate holders, and regulates and advances engineering practice in Ontario to protect the public interest. Professional engineering safeguards life, health, property, economic interests, the public welfare and the environment.

Past issues are available on the PEO Government Liaison Program, visit: <https://www.peo.on.ca/about-peo/glp-weekly-newsletter> To sign up to receive PEO's GLP Weekly newsletter please email: [glpweekly@peo.on.ca](mailto:glpweekly@peo.on.ca).
