

**My name is Arthur Sinclair.** I am running to be your Professional Engineers Ontario President-Elect to modernise the PEO and keep pace with the global and technology-driven profession that engineering has become.

Please see my Candidate's Statement [here](#), some additional information [here](#), and visit my website [www.arthursinclair.ca](http://www.arthursinclair.ca).

This email outlines two of my primary goals: **transform the licensing system** and **reform the committee system**.

**Licensing:** The first step to transforming licensing is to comply with the *Ontario Fair Access to Regulated Professions and Compulsory Trades Act*. The Province has ruled the PEO to be non-compliant since 2012. The Act states “*if a regulated profession makes its own assessment of qualifications, it shall do so in a way that is transparent, objective, impartial and fair*”. To address this, I will implement an applicant's bill of rights where fairness, equity, and respect are paramount while preserving high licensing standards.

**Committees:** The PEO committee system is fundamental to self-governance, and there is a great deal of talent within it; talent that is not fully harnessed. I will clarify all committee mandates and deliverables and build a selection process that is fair, transparent and dives deep into the Ontario Engineering talent pool.

### **About me**

I am a marathon runner and I know that the hardest part of a race is getting to the starting line. I have put in the training on PEO's [Executive Committee](#), [Finance Committee](#), [Legislative Committee](#), [OSPE – PEO Joint Relations Committee](#), and [Regional Councillors Committee](#). My fellow Councillors elected me [Vice President Appointed](#) based on a promise of leadership, transparency, and integrity. I now seek your vote with the same promise.

My name is **Arthur Sinclair**, an Engineer with leadership and vision. I am your candidate for PEO President Elect.
