April 18–24,
2021

THE VALUE OF ONE.
THE POWER OF MANY.

Professional Engineers
Ontario

Volunteer Service
RECOGNITION

THANK YOU PEO VOLUNTEERS

Throughout its 99-year history, Professional Engineers Ontario (PEO) has valued the time, knowledge and talents of its volunteers in assisting us to regulate the engineering profession in the public interest and promote PEO's role across Ontario. Last year, in 2020, more than 600 professional engineers, engineering interns and others continued this volunteer work during the COVID-19 pandemic.

Provincially, PEO councillors met in online meetings to provide leadership and guidance in fulfilling our mandate to protect the public interest through effective self-regulation. Other provincial volunteers similarly met remotely to serve on our committees and task forces.

At the local level, chapter volunteers pivoted to hosting online events to promote engineering and PEO in local communities; as well as providing virtual networking events for members and licence presentation ceremonies for new P.Eng. licence holders.

And as PEO undergoes transformational change to ensure it remains a trusted, modern regulator in the face of massive societal and technological change, our volunteers have been instrumental in helping us reimagine PEO together—helping create a vision to help the regulator remain responsive to the rapid changes around us. Part of this change includes reviewing and improving the governance effectiveness of PEO chapters and volunteers and we have valued the input of volunteers and chapter leaders as we navigate this process.

PEO gratefully acknowledges everyone who has served the profession in a wide variety of activities and events throughout this unprecedented year.

To our many volunteers who give back selflessly to PEO and their profession, we thank you.

A handwritten signature in black ink that reads "Marisa Sterling, P.Eng." The script is fluid and cursive.

Marisa Sterling, P.Eng., FEC
President and Chair, Professional Engineers Ontario

THANK YOU TO PEO VOLUNTEERS
