

AGNES KRAWCZYK, P.ENG.

Dear Colleague:

You and I know what needs to be done at PEO. Many of you know me and what I'm all about. I am a proud engineer, a mother, and a Northerner.

You may have noticed the blank space in Dimensions that should have contained my platform. This year, PEO and our Central Elections and Search Committee rigidly applied their rules, and now my platform and photo are not there alongside my opponents'. All this, due to factors both meteorological and technological. A snowstorm at my semi-remote, no-cell-service workplace resulted in submitting the materials 25 minutes late. **Voters are entitled to see my platform and compare it with those of my opponents.**

I'm a **practising engineer**, not a politician. I will work hard to represent the professional engineers of Northern Region, so your voices are heard.

I stand for **accountability, transparency, and lean, modern, professional regulation**. Council desperately needs new people with fresh ideas. It cannot continue on its present path, with a "road map" upon which we weren't even consulted, which we never approved. We need more people on Council with the energy and drive to make a difference. I have fresh ideas and the will to effect change.

Change is possible and we can make it happen.

Others on your ballot who stand behind these values and strive to protect our profession and democratic self-regulation are:

President-Elect: Roydon FRASER

Vice President: Greg WOWCHUK

Councillor-at-Large: Vaj BANDAY

Northern Region: Agnes KRAWCZYK

Western Region: Wayne KERSHAW

Eastern Region: Tim KIRKBY (acclaimed)

East-Central Region: David KIGUEL (acclaimed)

DON'T SIT ON THE SIDELINES THIS YEAR. PLEASE VOTE!!!
