

Why am I running for **President-Elect** (Chair) of PEO Council? To keep PEO moving forward on its **Transformational Change** journey!

As your **President-Elect**, I will hit the ground running from being on PEO Council for the last 7 years and will ensure Council continues to embrace a **#NewWay** which is just starting to take hold.

PEO recently received a positive letter from [Ontario's Attorney General](#), (the minister responsible for PEO's regulatory legislation - the Professional Engineers Act) **confirming his support for PEO's current path of transformational change.**

PEO Council has made tremendous progress over the last four years;

- 1) **Unanimous Council acceptance of all recommendations of the “[External Regulatory Performance Review](#)”** indicating PEO has much work to do. **#BetterRegulatoryPerformance**
- 2) New Governance Roadmap adopted and implemented resulting in **#BetterCouncilDecisionMaking**
- 3) New CEO/Registrar and Executive Leadership Team in place; charged with PEO's [Transformational Change](#) to enhance organizational effectiveness. **#OrganizationalPerformance**
- 4) Approval of a new [strategic plan](#). **#ClarityOfPurpose #FutureProofed**

AMAZING positive progress for PEO! A strong engineering regulator, who is focused on outcomes which protect the public interest, will equal a strong engineering profession. You can't expect change if nothing changes. Our practitioners are smart and see the need for change at PEO. This is what I am counting on.

Please vote for Marilyn Spink, P.Eng., - your current Vice-President Elect PEO Council - as your **PEO President-Elect** for 2022-23 and vote for a **#NewWay** and **#StrongRelevantProfession**
