- ◆ **Engineer of the Year**, UETAC, 2023
- ◆ **Order of Honour**, PEO 2019
- ◆ **Leader of Leaders**, Chrysler, 2018

**BACKGROUND:**

**A results-driven engineering executive with proven strategic leadership, financial stewardship, and regulatory acumen.** At Stellantis, I lead large-scale operational and transformational initiatives with **multimillion-dollar impact**. As a professor, I mentor the next generation of engineers each year. **I initiated key regulatory priorities as Vice President, and completing this work requires continued leadership.** My strategic vision and effective leadership uniquely position me **to serve as President-Elect and guide PEO through its most critical issues.**

**STRATEGIC LEADER:**

- ✓ Proven **senior leadership** experience across engineering, operations, and regulatory environments.
- ✓ **Led multimillion-dollar** transformation projects across North America.
- ✓ Held senior **leadership roles** in engineering, operations, and plant transformation.
- ✓ Experienced in **regulatory governance and compliance.**

**PRESIDENT ELECT PRIORITIES:**

- ✓ Strengthen PEO’s **regulatory readiness** in emerging disciplines.
- ✓ Advance the **P.Eng.** as a modern, competitive license.
- ✓ Protect the **exclusive scope** of engineering practice for **public safety.**
- ✓ Reinforce **member value**, engagement, and **chapter vitality.**
- ✓ Council and election **governance reforms** for accountability and trust.

---

**Capable and Experienced Leadership for a Stronger, Future-Ready PEO**
