Support Darla Campbell for PEO President-Elect

The future of our profession depends on leaders who understand both the challenges we face today and the opportunities ahead. Darla Campbell, P.Eng., CSR-P, FEC, is that leader. With decades of experience in engineering, asset management, sustainability, and governance, Darla brings a rare combination of technical expertise, regulatory insight, and collaborative leadership.

Darla is running for President-Elect for one clear purpose: **to strengthen the engineering profession in Ontario**. She believes deeply in the privilege of self-regulation and the responsibility that comes with it. Her vision is grounded in PEO's newly approved strategic plan — a blueprint for keeping our profession strong, relevant, and trusted.

Darla's priorities reflect what engineers across the province have been asking for:

- **A strong regulatory voice** that protects the public interest and engages elected officials consistently and effectively.
- **Modern standards of practice**, including urgently needed guidance on climate adaptation and mitigation.
- **A clear, inclusive pathway to licensure** for every engineering graduate, not just those in traditional disciplines.
- **Support for engineers throughout their careers**, recognizing that roles and specializations evolve over time.
- **A stronger P.Eng. brand** reflecting the value of professional engineering in Ontario, built by strengthening the profession to weather the storms.

Her leadership record speaks for itself: PEO Vice President, Chair of the Government Liaison Committee, Chair of CNAM, Chair of RSI, advisor to TMU Urban Water, and director roles with the CNEA and Oakville Chamber of Commerce. Darla leads with transparency, inclusivity, and a commitment to results.

Most importantly, Darla is committed to listening. She plans to meet with all 36 chapters during her term as President-Elect to ensure your voice shapes PEO's future.

Your vote is your voice. Let's strengthen our profession together.
