

Haris Ahmadzai, P.Eng., FEC

Candidate for **Western Regional Councillor**

Your Voice. Your Advocate. Your Western Region Councillor!

Vote Haris Ahmadzai – A Fresh Voice for Western Region

PEO's Western Region deserves strong representation and a new perspective. It's time to bring fresh ideas and stronger advocacy to Council. I'm ready to take on this role and help PEO evolve into a modern, transparent, and accountable regulator that serves the public interest.

As **Past Chair and long-time volunteer with the Chatham-Kent Chapter**, I've spent over a decade working alongside passionate professionals to strengthen our engineering community. From organizing technical tours and lunch-and-learns to launching Ontario's first GLP Academy in Chatham, I've championed collaboration, professional development, and public trust. These experiences have taught me the importance of listening, engaging, and acting with integrity.

My Vision for Western Region:

- ✓ **Engage members and amplify the voices of engineers**
- ✓ **Foster stronger connections between chapters**
- ✓ **Champion professional development and uphold public trust**
- ✓ **Advance PEO's role as a modern regulator committed to accountability and ethics**

This is a critical time for PEO, with major changes underway. As your Western Region Councillor, I will keep you informed through regular updates, advocate for your interests, and ensure your voice is heard in every decision.

🗳️ **Your support matters! Let's engineer a future where every member feels heard and empowered.**
