

**Subject:** Your Voice Matters — Vote in the PEO Election!

Dear Professional Engineers Ontario Member,

The 2026 PEO election is underway — and your participation is vital.

As a licensed engineer, your voice helps shape the future of our profession. Decisions made by the next Council will impact licensure standards, governance, public safety, and the value of your PEO membership. That's why **voting is not just a right — it's a responsibility.**

**Take Action Today:**

- **Vote in the current election** — make your voice count.
- **Do your own research** on the candidates — review backgrounds, platforms, and priorities.
- **Choose leaders** who reflect your values and the future you want for engineering in Ontario.

We encourage you to visit the official election page, read candidate biographies, and compare platforms before casting your ballot. Understanding who is running and what they stand for ensures your vote is informed and meaningful.

**Why Your Vote Matters:**

- Council sets strategic direction for PEO
- Decisions affect licensure, practice standards, and professional advocacy
- Your input strengthens governance and accountability

Whether you've been an active voter in past elections or this is your first time participating, your contribution matters. A strong voter turnout reflects a strong, engaged engineering community.

Thank you for taking the time to research the nominees and exercise your voting privilege. Together, we can elevate our profession and uphold the public interest.

**Vote now — and help lead the future of engineering in Ontario!**

Sincerely,  
Randall Walker P.Eng FEC
