

A Vote for Experience, Dedication & Our Engineering Community

Dear Colleagues,

The **2026 PEO Council Elections** are underway! Voting details were sent via vote@simplyvoting.com, and I am honored to be running for **Eastern Region Councillor**.

Growing up in a **small town**, I learned the value of **relationships, hard work, and community**—values I've carried through my engineering career. I've spent years **advocating for engineers** through **PEO and Engineers Canada**, ensuring our profession remains strong, respected, and well-governed.

Why I'm Running:

- **Protecting Our Profession** – Advocating for transparency, accountability, and a licensing process that works.
- **Supporting Our Chapters** – Strengthening their role and ensuring they thrive.
- **Engaging with You** – Working with all seven Eastern Region chapters and being accessible.
- **Advancing PEO's Mission** – Ensuring smart governance that serves engineers today and in the future.

I've worked throughout **Eastern Ontario**—from **Ottawa to Kingston, Cornwall to Gananoque**—and I know what matters to engineers. My dedication was recognized with the **Order of Honour**, and I remain committed to serving **you**.

If you want a **dedicated, experienced, and passionate advocate** on Council, **I would be honored to have your vote**.

How to Vote:

Check your inbox for an email from vote@simplyvoting.com. If you haven't received it by **Feb 3**, visit peovote.ca.

Thank you for your support!

Best,

Tim Kirkby, P.Eng., F.E.C.

Engineers Canada Director
